THOUSANDS OF YEARS OF EXPERIENCE ALOE VERA

Aloe vera is a natural plant that has been used for thousands of years and is a miracle plant that has many health benefits. The gel obtained from the inner leaves of the aloe vera plant contains nutrients such as water, amino acids, vitamins (A, C, E, B group vitamins) and minerals (such as calcium, magnesium, sodium, potassium). Thanks to this content, aloe vera provides moisturizing and soothing effects for skin care. It can help treat conditions such as mild burns on the skin, sunburn, acne and acne scars. Additionally, aloe vera is used to relieve some skin conditions and support the overall health of the skin.

ALOE VERA ANTI AGING CREAM

Dermazel Aloe Vera Anti-Aging Cream: protects the skin against signs of aging and helps reduce the wearing effect of time on the skin. While increasing the brightness, firmness and flexibility of the skin, it provides long- lasting moisturization and supports strengthening the skin barrier.

ANTI WRINKLE CREAM

Anti-Wrinkle Cream: helps prevent wrinkles, reduce the appearance of fine lines and give the skin a firmer appearance for mature skin types. It restores lost moisture to the skin, tightens pores and softens the skin. It makes the skin look more vibrant and radiant.

ALOE VERA FACIAL CLEANSING GEL

Purifies makeup and dirt residues from the pores, thanks to its special formula consisting of aloe vera and chamomile extracts.

- The product helps cleanse the skin and give it a vibrant and bright appearance. In addition, it provides intense moisture with the hyaluronic acid it contains and has a rejuvenating effect with botanical collagen support.
